King Kong Cash Slot

Rather than following the titular giant ape around the metropolis as he evades capture from the authorities while kidnapping beautiful starlets with glass-shattering screams, the slot invites you to visit King Kong on his home turf.

After loading King Kong Cash online slot, you'll find him chilling out on his makeshift throne in the jungle, and as you spin the reels your goal would be to wake him up – and hope he's ready to dish out some great prizes.

Fun In The Jungle

King Kong Cash slot game is a five-reel, three-row slot game that plays with 20 paylines and has got all the right elements in place for a fun time. The game has medium-to-high volatility.

With simple but effective mechanics, Blueprint Gaming have created a slot that can hook players in without much fuss. This is all supported by the game's charming look and feel, not to mention the great barrage of bonuses that King Kong has managed to stash away in his jungle abode – all of which we'll elaborate on in this Blueprint Gaming slot review.

Great Look For Your New Animal Friends

An exotic location and lovable cartoon characters are tough to resist. Blueprint Gaming were certainly clever enough to tap into that vibe with King Kong Cash. Players will find King Kong snoozing in the bottom-left corner of the slot, shaded by palm trees under a blue jungle sky, with spilled shiny coins seen on the opposite corner.

Fun music evoking a gentle tribal vibe plays on each spin, with silence dominating the rest of the time. This is a good stylistic choice, since it helps the atmosphere of the game along without being too in-your-face (or rather, ear).

But perhaps the most impressive of all are the lovingly rendered cartoon characters who make up most of the slot's symbols. Among these one can find a wide-eyed crocodile, a cigar-chomping rhinoceros, an adorably quirky pirate-parrot (eye patch and all) and a bespectacled tiger with a pipe in his mouth.

The remaining symbols take the more traditional route, with the game's logo standing for the high-value symbols while those of less value carry standard play card values with J, Q, K and A.

Wins Make Up For Low Payouts

At first blush, King Kong Cash slot may appear to have comparatively lower payout rates than other games of this kind. Players can expect payouts of the 5x to 15x range on their bet.

King Kong cash has an RTP of 95.8% and the minimum bet is set at 0.20, while the maximum

stands at 500. Certainly nothing out of this world for the truly die-hard gamblers. But it makes for a fun time at the slots for the average player.

King Kong Cash Bonuses

Complementing the overall fun and relaxing vibe of the game are the generous bonuses and features – of which there is a whopping total of eight – split up into two sets. The first set is triggered when the player lands on at least three bonus symbols in the game. This will give way to a random feature.

Among these you'll find the King Kong Trail – a snowballing cash trail allowing you to collect prizes as you go along but beware the bomb! – and the Barrel Blast, in which three identical barrels could lead you to the coveted 'Big Money' bonus feature.

Recalling the more classic image of King Kong are the Empire Free Spins, for which the titular ape scales down the Empire State Building to accumulate Golden Monkey symbols and give way to bigger rewards.

Finally, there's the Golden Kong Free Spins, which takes you to a new set of reels with 40 paylines. Wilds get sticky with each free spin, and you get to pick a barrel after each one – hope for the donkey, and not the bomb!

Meanwhile, the second set of features occurs randomly at any point during the base game.

Among the four features here, players can happen upon the Banana Canon Wilds, during which King Kong gets up off his lazy ass to shoot bananas from his cannon and onto your reels to make a Wild.

There's also the Golden Barrel Super Spin, which spreads the same symbol all over your reels, and the Bonus Boost, which adds scatter symbols giving you more of a chance to secure bonuses.

Finally, there's the King Kong Spin Streak, which happens in two stages. First, you collect special wilds and then a wild spin occurs in which all the accumulated wilds show up on the reel set. The player is to select one of the three barrels over the reels to either spin again or conclude the round.

King Kong Cash Mobile Slot

Good news for all fans of enjoyable and tastefully designed slots featuring the most popular ape in history, but who also prefer to game on the go. King Kong Cash is available across all platforms: be it desktop, mobile or tablet, this Blueprint Gaming online slot can be enjoyed on all iOS and Android devices.

Blueprint Gaming may not have captured the beast and brought it home for some extreme times at the zoo and on that note, seasoned win-hunters may not be entirely satisfied with the size of the jackpot available here. However, this Blueprint Gaming online slot is still insanely fun to play and gorgeous to look at.
